LIGHT

...sells for you!

Bright light brings customers to you, makes folks buy more readily. It's a silent, helpful salesman day and night.

And here's the big news today—you may be able to have a brighter, busier store—without spending any more money.

Our Lighting Men are experts in brightening stores with a minimum of expense. They may suggest very simple measures such as a re-arrangement of fixtures, cleaning globes regularly or economical new lights.

These Lighting Experts are service men—not salesmen. Call on them to help you brighten up for better business.

INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1937 edition of the Raleigh City Directory.

Confidence in the growth of Raleigh's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Raleigh to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Raleigh Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 25 to 646. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Raleigh, and the name, official personnel, nature and address of each firm and corporation in the city.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, covers pages 649 to 774. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street.

THE BUYERS' GUIDE, beginning opposite page 776 and separately pagged from 1 to 36, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Raleigh. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Raleigh, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 813 to 894. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an

invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Raleigh.

The Raleigh Directory Library

Through the courtesy of the publishers of the Raleigh City Directory, a Directory Library is maintained in the offices of the Raleigh Chamber of Commerce, for free reference by the general public. This is one of more than 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

GENERAL VIEW

Raleigh is conveniently located on the main highways between the North and South, in the east-central portion of the state, in rolling country, on the fringe of that section of the Carolinas often referred to as the Piedmont.

Raleigh offers many attractions to the person interested in sports. There are four golf courses, a country club, swimming pools, riding trails. The brooks surrounding Raleigh offer a variety of fishing material. The city is conveniently located to the famous fishing and hunting centers of the coastal section.

Raleigh has ten hotels serving upwards of 50,000 guests yearly. The rates are reasonable.

Whether one is looking for a central point for distribution, for headquarters or branch-office location, or for some quiet and peaceful place to spend his declining years, Raleigh will have something about it that will please. The town is one of the beauty spots of the state. In Raleigh's business section one will find Colonial architecture surrounded by modern office buildings. Throughout the city are quaint remnants of the old South, interspersed with the modern design of the new South. The people are friendly, courteous and hospitable. Regardless of what one expects of a home town, he will find that everything in Raleigh will fascinate him.

NORTH CAROLINA STATE CAPITOL

HISTORIC RALEIGH

Raleigh abounds in historic eminence and noteworthy tradition. The first English settlement in America was made at Roanoke Island on the coast of North Carolina by Sir Walter Raleigh. The capital city of the state was named in his honor and in memory of this achievement.

The land upon which Raleigh had its beginning was purchased in 1792 as a location for the establishment of the state capital. The first capitol building was completed in 1794 and destroyed by fire in 1831. The present building, over a hundred years old, is a recognized example of Doric architecture with few equals. It is noted for its beauty and design.

The seventeenth President of the U. S., Andrew Johnson, was born here. This famous old home now stands as a shrine in Pullen Park.

The State Hall of History here, with its collection of North Carolina historical records and important archives, attracts much interest.

Wakefield, the home of Joel Lane, erected in 1760, is owned and preserved by the Colonial Dames. This colonial home was erected in the old town of Bloomsbury, which was the county seat of Wake County in 1771.

The oldest bank building in North Carolina still stands on the property of Christ Church. It is the present rectory. It was built in 1795 as the State Bank.

Many visitors in Raleigh are likewise interested in monuments and memorials of famous North Carolinians on Capitol Square and in State department buildings.

Three points of special beauty in Raleigh are Dix Hill, Country Club, and the Federal Cemetery.

CAMPUS AND BUILDING SCENES AT FOUR RALEIGH COLLEGES

A CENTER OF EDUCATION

Raleigh, with six colleges and an excellent public school system, has long been recognized as an outstanding center of education.

The North Carolina State College of Agriculture and Engineering was established by legislative enactment in 1889. It is one of the leading agricultural and mechanical colleges in the South. There are 30 major buildings in the plant. It had an enrollment—constantly growing—of 1,700 in 1936. It embraces four schools—Agriculture and Forestry, Engineering, Science and Business and Textile.

Meredith College, a Baptist college for women, was opened in 1897. For many years it was located near the Capitol and now occupies a modern plant completed in 1925, two miles from the city on the Hillsboro Road. Courses are offered in arts, sciences and music. The enrollment in 1936 was 500.

St. Mary's School and Junior College is owned by the Episcopal Church of the Carolinas. The highest standards are maintained, with all academic courses fully accredited by the Southern Association. The annual sessions offer the students thirty-five weeks of classroom work. An average of twenty states are represented in annual enrollment.

Peace, a junior college for women, owned by the Presbyterians of North Carolina, was opened in 1872. It offers standard and general junior college courses, college preparatory courses, and special courses in art, music, home economics, and commercial subjects. A number of modern buildings have been added recently and the enrollment has grown rapidly.

The North Carolina School for the White Blind was established by legislative enactment in 1845. The present plant was completed in 1923 at a cost of \$1,300,000. It is a standard high school and the only one of its type in the U. S. with this rating. It specializes in vocational training.

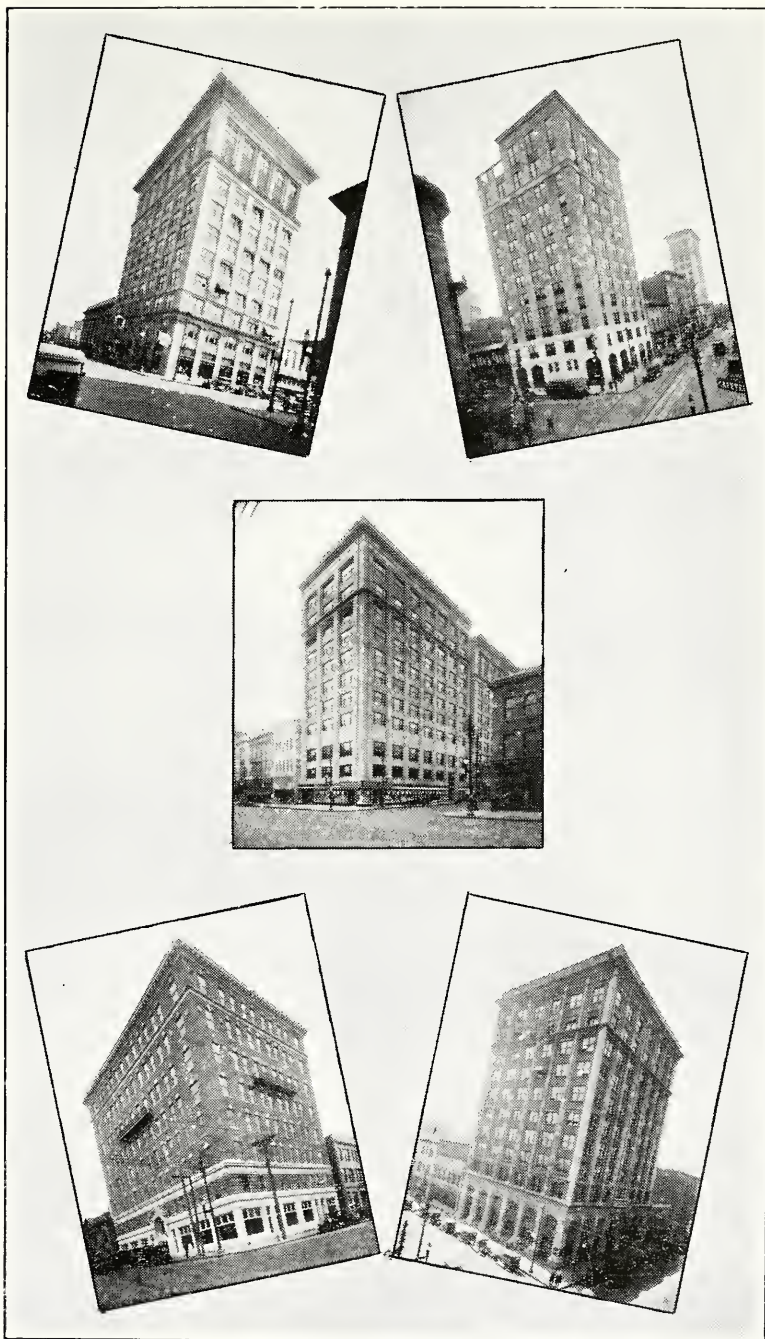

The well-equipped and modern public school system of Raleigh has 18 buildings, including two high schools.

King's Business College and Hardbarger's Secretarial School are two well-organized colleges here for business training.

St. Augustine's College (Episcopal) for colored men and women was opened in 1868. It includes the Bishop Tuttle School and the St. Agnes Training School for Nurses. It has 110 acres of land in the northeast section of the city. St. Agnes Hospital is operated in conjunction with this institution.

The State School for the Negro Deaf and Dumb was established in 1868. A new plant erected at a cost of \$250,000, is located on Highway No. 10, three miles southeast of the city.

Shaw University, founded in 1865, is the oldest institution in the South for the education of colored men and women. The university has 11 buildings. Degrees of A.B. and B.S. are conferred.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

HILL'S RALEIGH

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide
1937

Copyright, 1937, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

***Between two intersecting streets designate there are no houses between them.

(c) denotes colored.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

Good Light *makes the difference*

BRIGHT stores make customers cheerful, eager to buy.

¶ Bright counters show your merchandise to best advantage. Foods look appetizing; wearing apparel looks smart. Everything in stock says, "Buy me!"

¶ Dead stock comes to life when the handicap of dull light is removed.

¶ Brightening up your store may be very simple. Bright paint—rearrangement of fixtures—strict attention to cleanliness of globes—all these may work a surprising improvement. New and modern lighting devices give far greater efficiency and economy of operation. We can tell you of easy alterations that have increased business for stores of any size.

¶ Our lighting specialist will be glad to advise you about ways to improve your business with a brighter store. Just call our nearest office.

 it is the only place people can be sure to find out some-
 thing about you.

SAINT MARY'S SCHOOL AND JUNIOR COLLEGE

Raleigh, North Carolina

MRS. ERNEST CRUIKSHANK, A. M., President

Owned by the Episcopal Church of North and South Carolina
Founded in 1842 by the Rev. Aldert Smedes, D. D.

Ninety-sixth Annual Session
September 13th, 1937—May 31st, 1938

Saint Mary's School offers for girls and young women a high school course of the highest standard, supplemented by two years of grade A college work, all academic courses fully accredited by the Southern Association. Annual Sessions provide the student with thirty-five weeks of classroom work. Special courses are given in Business, Music, Art, Home Economics and Expression, in which certificates are issued. Two hundred boarding students can be accommodated.

Students, resident in Raleigh, are welcome as day students and may enjoy all the advantages offered by Saint Mary's. The tuition charge for day pupils is one hundred and seventy-five dollars for the session with no additional charge for courses in Fine Arts or Home Economics.

At Saint Mary's the discipline is intimate but firm, with homelike influences rather than college freedom. The design is to have parents feel that they have a safe, intellectual and inspiring environment for their daughters which will advance them along the right lines into the best type of womanhood.

Saint Mary's aims to promote sound physical development, to preserve good health, to cultivate a refined Christian womanhood, and to maintain the best standards of scholarship.

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or "get-rich-quick" concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?

The Publishers of this Directory

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
